

*Chicago Asthma Consortium is a coalition of medical and public health professionals, business leaders, government agencies, community-based organizations, and individuals dedicated to improving the quality of life for people with asthma through networking, information sharing, and collaboration.*

*The mission of Chicago Asthma Consortium is to improve the quality of life for Chicagoans living with asthma.*

## 2010 ANNUAL REPORT

The year was filled with both opportunities and challenges. Some highlights were:

- Implemented two educational programs for healthcare professionals on clinical advances in asthma care
- Initiated a community health survey in three underserved communities in Chicago that will allow Chicago Asthma Consortium and other organizations to better serve the residents in the communities
- Implemented a data conference to educate about the latest developments in Chicago and Illinois-based asthma research
- Disseminated 1,000 peak flow meters to underserved communities
- Developed a searchable, electronic clinic resources list
- Distributed 13 Asthma Friendly School Awards
- Served in a coordination role for several area grants including the *Healthy Home Healthy Child: The Westside Children's Asthma Partnership* grant, and the *CDC Improving Health and Educational Outcomes of Young People* grant.

The following is an overview of Chicago Asthma Consortium's **income and expenses** for the fiscal year that ended December 31, 2010:

Total Revenues and Support	\$140,491
Program Services	\$121,328
